### Addendum.

Magna Carta is the most important, the greatest, the priceless gift bequeathed to us by our ancestors. For there at Runnymede 800 years ago it gave us the rule of law.

Without the rule of law we have no personal security of our lives and possessions and no prosperity, as witness the horrors and miseries of the world where the rule of law does not prevail.

I feel that we ought to do something to draw attention of our neighbours and their children and celebrate it with them, but ,at the moment, I have little idea what that something might be. I'll be grateful for:

- agreement that it's worth doing something, and
- if so, any suggestions?
